

Volume 31 Number 3 - March 2023

## The Modulator

Newsletter and happenings of the Big South Fork Amateur Radio Club. Serving the Big South Fork Region since 1992.

*If you enjoy reading our publication, be sure to open it fully or you will be automatically dropped from our mailing list in 6 months.*

---

*The grace period for membership renewal has passed. If you did not receive the club's meeting minutes, it's an indication that you are no longer a current member. Check the website for information on how to renew as dues are still only \$10.00 per year. The password will be changed shortly, and current members will receive an email with the new password.*

---

## GET ON THE AIR!!

Each month there are various contests and other on the air events for you. . In April there will be 11 state/provinces with another 20 in May holding their QSO parties so get ready for and exciting spring and early summer.

---

Interested in emergency communications? We have team in Fentress, Morgan and Scott counties looking for volunteers.

[ARES](#)

Are you a YL (Young Lady) looking for your very own net? Look no further we have one for you!

[YL NET](#)

VOTA (Volunteer On The Air) is a year-long event that everyone can participate in.

## UPCOMING EVENTS AND INFORMATION

---

## CLUB MEETING

May 11, 2023

For April we are holding a workshop on building and using a tape measure antenna for fox hunting so there will NOT be a regular club meeting. Our next club meeting will be held on May 11th - 2023 at 7:00pm Eastern at Roane State Community College. This will be a business meeting plus a meet & greet.

---

## Big South Fork NRR Spring Planting Festival

April 29, 2023

We are headed back to the Bandy Creek visitors center to help demonstrate amateur radio to the festival goers. We need your help too! Jamie N4XJS is taking lead on this one!

SPRING PLANTING

FESTIVAL

## Local and In-Person Exams

The VE (Volunteer Examiner) team has been busy preparing for the new general exam and training new exam proctors. While we still only do in-person testing the applicant can choose to take a paper exam or complete their test using a computer. Forms are emailed to the applicant, ARRL and to the FCC for faster processing. The ARRL testing fee is still \$15 for adults and under the age of 18 it is only \$5. The \$35 license fee is paid directly to the FCC and with the ARRL youth program they will reimburse the youths that fee! We will work with you to schedule an exam in your area at a convenient time. No more waiting or long drives!

LICENSE EXAM

---

## SKYWARN TRAINING

Update

With the weather improving it is now time to get out and activate a local state or national park once again. New to POTA? We can help you get an account set up and even assist on your first activation.

POTA

---

## ADDITIONAL UPCOMING EVENTS

# Reminder!

Be sure to check out our new page on the web site for all the upcoming events!

UPCOMING EVENTS

---

## New General Question

We had about 25 people participate in the class last month including 12 ham radio operators. The attendees learned how to identify various types of clouds associated with severe weather. You can take a virtual class online if you were not able to attend.

SKYWARN

## MUSEUM SHIP WEEKEND

### June 4-6, 2023

Come and join us as we activate from the USS Tennessee Battleship Museum as a special event station. We need volunteers for various positions: setup, radio operators, logging of contacts, hospitality and for processing QSL cards. Rumor has it that we may have some pulled pork on Sunday!! Let Kelly KI4JAV or Bill KF4TY know if you can help. Volunteers will be provided with a password to the planning page. You do not need to be a club member to volunteer. We need you!! Need a password please let us know!

See the link below where the list of special event stations is growing! Overall, we are up to 61 ships/stations participating so far!

MUSEUM SHIP WEEKEND

---

# Pool Released for Ham Radio Licensing Effective July 1, 2023

The new pool incorporates some significant changes compared to the 2019 - 2023 version. Its 432 questions were modified slightly to improve wording and to replace distractors; 51 new questions were generated, and 73 questions were eliminated. This resulted in a reduction of 22 questions, bringing the total number of questions in the pool down from 454. The level of difficulty of questions is more balanced, and the techniques and practices addressed have been updated.

GENERAL QUESTION

POOL

## Fox Antenna Workshop April 13, 2023

Join us in April at Roane State Community College in Huntsville as we have a workshop

## No Business 100 October 20-21, 2023

We have not started planning (yet!!) but wanted everyone to get this important event on the calendar. This is where we put our radio skills into action by providing health/welfare updates in addition to the status of the event. The race starts at Pickett State Park and progresses through the Big South Fork Park up into Kentucky before finishing back at Pickett.

where you can build your own FOX hunting antenna. See the link below so you can get your materials together prior to the workshop. You can either use 1/2" or 3/4" PVC as either is acceptable. The 1/2" is lighter in weight but not quite as rigid.

FOX ANTENNA

WORKSHOP

Oneida Middle School

## STEM Class Update

The final session is underway as we have now completed 3 different rotations of students through the 9-week course. Overall, we have introduced ham radio to almost 75 students and made some great contacts as well. During weeks 8 and 9 the students under the club call sign and with a control operator make contacts on 20 and 40 meters. It's always exciting to see the reactions when they throw out the club's call sign and someone comes back to them.

At the current time it does not appear that the program will be continued next year as there are curriculum changes which affect our program. We are working with our sponsor and the school's principal to determine how we can stay involved.

## Knoxville Half Marathon

April 2, 2023

The 2023 Covenant Health Knoxville Half Marathon is scheduled for 7:30 am on Sunday, April 2, 2023. There are 18 water points, and they need volunteers with radios at each of the water points. There are also three (3) relay points. Each aid station should have at least two (2) people at it. If you have volunteered before and have a favorite water point, when you volunteer this year, let Lloyd know what water point you would like. If you have done other jobs let him know what that was as well.

Please respond to: [pitney9429@aol.com](mailto:pitney9429@aol.com) or

Good grief, Chuck! You're still trying to hang radio antennas from trees?

We heard you and have collected some resources to help you along the way. Our Elmers (ham terminology for mentor) are ready to answer any questions you may and work with you to get your license.

NEW HAM

---

## Radio Equipment Loaner Program

Through the generosity of some of our club members we have established a loaner program for radio equipment. We are in the process of completing a complete radio station in a box with everything you need for HF operation. This includes the radio (TenTec or a Kenwood TS820) the antenna and coaxal cable. This loaner program is only available to club members. Let Jamie N4XJS if you would like to participate in this new program.

Mountain Man Memorial

If you have a question, you can call Lloyd Pitney 865 740 0128

---

## Gravel Rally

April 28-29, 2023

The Lake Cumberland County Amateur Radio Association (LCARA) is once again assisting with the Gravel Rally event in McCreary County Kentucky. They have reached out to Austin Cates K5QF ([k5qf@pm.me](mailto:k5qf@pm.me)) for some additional volunteers to help with communications. Let Austin know if you assist.

---

## Cherohala Challenge®

June 3, 2023

Don't miss your opportunity to support the bicyclist who ride the famed Dragon Slayer, the Cherohala Skyway and surrounding region. The 115-mile route is a route that cannot normally be done without the support of an organized ride.

## MOUNTAIN LAUREL MEMORIAL

March - April 22, 2023

This 5K event has the start/finish line at Pi Beta Phi Elementary School in Gatlinburg. The event has a new sponsor and a new course for 2023. They have requested help in providing health and welfare communications from the amateur radio community. Let Cliff Seger Segar ([KF4GT.TN@gmail.com](mailto:KF4GT.TN@gmail.com)) if you can help out.

---

## Mountain Laurel Festival

May 20, 2023

Come out and support us as we will have a public awareness booth at the festival which is held on the town square in Wartburg TN. We will also be activating a HF radio station and welcome guest operators (Unlicensed and any level of license) as we will have operators available to get you on the air.

MTN LAUREL FESTIVAL

---

They will supply SAG support, well-stocked aid-stations, private restrooms while amateur radio operators provide health/welfare reports from the aid-stations (*cell phones do not work on most of the course*). Let Mike Wagner District 8 ADEC ([KK6OKU@yahoo.com](mailto:KK6OKU@yahoo.com)) know if you can help out by providing communications for an aid station.

---

Previous copies of 'The Modulator' are now on our web site. You can also subscribe to the newsletter there too.

# Special Event Stations

Contact these stations and help commemorate an historical occasion or other special event. Many special event stations provide a special QSL card or certificate.

**Certificates and QSL cards:** To obtain a certificate from any of the special-event stations offering them, send your QSO information along with a 9x12 inch self-addressed, stamped envelope to address listed in the announcement. To receive a special event QSL card (when offered), be sure to include a self-addressed, stamped business envelope along with your QSL card and QSO information.

## 04/29/2023 | Hams for PanCAN

Apr 29, 1400Z-1900Z, N4P, Altamonte Springs, FL. Lake Monroe Amateur Radio Society. 40 20 15 10 meters. Certificate & QSL. Lake Monroe ARS, 7747 Danu Dr., Orlando, FL 32822. SASE please. From Cranes Roost Park. Multiple N#P Stations across the country will be located in each of the ten ARRL sections -All stations will be on SSB. This nationwide Special Event's aim is raising awareness of pancreatic cancer research and support by the PanCAN (Pancreatic Cancer Network) during its national Purple Stride event. Each station will highlight any ham operator, or friends and family members who are diagnosed with pancreatic cancer located in that Section. Also, we'll provide access to how PanCAN helps patients with support and funding of research projects. Event Bonus stations will be located at Purple Stride locations and will offer special QSL cards. Each N#P station web page on the ARRL Special Event tab will provide QSL submission information. A Clean Sweep Certificate will be awarded for contacting all section stations. QSL card requests need SASE. For a Clean Sweep certificate, include \$1 please.
