The Modulator

Newsletter and happenings of the Big South Fork Amateur Radio Club

Serving the Big South Fork Region Since 1992

If you enjoy reading our publication be sure to fully open your emails or you will automatically be dropped in 6 months from the email list.

TN Mountain Laurel Sucess!

It was a great day to activate the Cumberland Trail Park station at the festival. We made about 20 or so contacts and was able to truly activate a POTA station. We not only enjoyed fresh blueberry muffins (thanks Diane) but also the company of fellow hams from around the area. Some of the festival goers were interested in amateur radio and we had some lengthy discussions

The Morristown office of the National Weather Service is only offering virtual SKYWARN training at this time. It has been 2 years since we last held an inperson class so most of us need to recertify. MORE INFORMATION

The Nashville office will be resuming inperson training in October 2022. Contact Krissy Hurley (*Warning Coordination Meteorologist*) at (615) 754-8500 or **email** for more information

about what we were doing. All that occurred before the storms rolled in and we quickly de-mobilized as we had numerous antennas (lightning rods) up. Thanks to Julian and the Morgan County ARES for being good ham radio ambassadors over the weekend.

Meeting Minutes

We publish the club's meeting minutes every month and they are all posted in the member's only section of our web site. Only current club members will receive the minutes electronically.

Field Day June 25-26

Parks on the Air SM (POTA) is an ongoing program. It encourages amateur radio operators in developing their skills, fostering community and demonstrating the hobby to the public. Being located next door to Big South Fork National Wild and Scenic River (K-0686) and Obed National Wild and Scenic River (K-0685) it gives us the chance to activate a remote station in a beautiful setting. The club's call sign W4BSF has been registered as an activator/hunter for this program. Other locations include state parks, state forests and state natural areas such as Rugby. Jamie N4XJS at last count had 185 parks in his log! MORE

INFORMATION

The last weekend in June is always the ARRL Field Day. Think of it as a ham radio open house where more than 40,000 radio operators setup portable/temporary stations in public areas to demonstrate ham radio's science, skill and service to our local communities. We need at least two volunteers to help organize this event. More discussion will be held at the next club meeting. MORE INFORMATION

Next Regular BSFARC Meeting

Calendar

We missed you at our last club meeting!
Our next club meeting will be June 9th
@ 7:00pm ET in room 101 (room may change) at:

Roane State Community College

TNPOTA (Tennessee Parks On The Air) was just announced. Details are forth coming but it will be held the weekend of July 30th (both Saturday and Sunday). It would be great if we could activate the majority of the parks in our area. Jamie N4XJS will discuss this more at the next meeting and about doing a POTA training day at a local park for those interested. MORE INFO

Activations in our area:

K0686 Big South Fork 42

410 W.H. Swain Boulevard Huntsville, TN 37756

PLEASE CHECK THE WEB SITE FOR ANY LAST MINUTE CHANGES BEFORE HEADING OUT!

We will have our talk-in on the 145.350 repeater as well.

Ham and Eggs

On June 9th we will be stopping back by RaeZacks for a quick bite before the club meeting. Plan to arrive between 5:30 and 5:45pm ET so we can get to the meeting on time. RSVP to Bill

K6239 Colditz Cove 1

K2938 Cove Lake State Park 28

K2948 Frozen Head State Park 16

K0685 Obed 11

K6265 Rugby State Nat Area 6

K2966 Pickett State Park 4

K5498 Pickett State Forest 3

K5500 Scott State Forest 1

K2976 Sgt Alvin York State Park 3

K6272 Twin Arches State Nat Area 1

So where will you activate?

KF4TY so he can get us the correct size table(s).

Our Ham and Eggs schedule will be discussed at the next club meeting as well to determine the timing and rotation of our social get-togethers.

This year the BSFARC will be celebrating our 30th anniversary as a club. Stephen (KI4NG) is starting to form a committee to help plan the year-long celebration. He needs your suggestions and some help to make it a sucess.

Come and join the YL's (Young Ladies) as they have their own dedicated NET every Tuesday at 7pm (Eastern) on the 145.350 repeater system. Ladies of all ages are welcome to join in.Check out the YL page on the <u>club's web site.</u>

Amateur Radio Tests

EMCOMM/ARES Net

We are looking for volunteer NCS operators for all counties as this is a great way to practice copying call signs and handling traffic. No experience required and scripts are available!!

Fentress ARES NET is on Tuesday nights at 8:00pm CT/9:00 ET is now on the 443.625 repeater (PL 100 suggested).

Please don't forget that the Morgan County ARES NET happens every Monday at 7pm ET on the 147.255 repeater system (PL 94.8 optional).

Technician Exam questions to change 6-30-2022!!

Time is running out quickly if you plan to sit for your technician test.

The General exam questions are current as of July 1, 2019 and are valid until June 30, 2023. The Extra class exam is valid from July 1, 2020 and is valid through June 30, 2024.

The new amateur radio testing information page is now live CLICK

HERE. Besides the answers to the test questions you will find out everything you need to know in order to take an amateur radio test. We have also been approved for electronic submission of the documents which will speed up the process for new licenses.

Come and join the Scott County ARES
NET on the 145.350 repeater system
(PL77 Hz) on the 1st, 3rd, 4th and 5th
Thursdays of each month at 7:00pm ET.

Fentress County ARES Meeting

The Fentress County group meets on the **FOURTH** Monday of each month at their E911 center at 7pm CENTRAL TIME. All are welcome to attend. Check in the Fentress County NET for the latest updates as they have re-started their inperson meetings.

Morgan County ARES Meeting

Thank you to Julian Bankston W5EDQ for leading the ARES team for many years and congratulations to Willard

McCreary Gravel Rally

Nasa Rally Sports held their inaugural gravel rally in McCreary County KY on April 30. Communications was handled by Lake Cumberland Amateur Radio Club (LCARC) along with members of the Big South Fork Amateur Radio Club (BSFARC). It was very challenging for LCARCA as there were many areas where communications were almost impossible. They did a great job though with cross-band repeaters and moving their set up throughout the rally in order to maintain a decent repeater signal. Net Control was set up in their EComm

Hendrickson KJ4NHQ for taking on the Emergency Coordinator (EC) role. The Morgan County ARES team normally meets the first Saturday of each month from 10-Noon Eastern at the Morgan County E911. Check into the Morgan County NET for the latest updates.

Scott County ARES Update

Thank you to Bill Green KF4TY for leading the ARES team for the past two years and congratulations to Kelly Loyd KI4JAV for taking on the Emergency Coordinator (EC) role. We are working on updates to our list of ARES members for Scott County and need for you to reconfirm your support for our group. If you have made progress in your ARES booklet, we would like to get that signed off and update your level as well.

trailer at the Senior Center on the McCreary County Fairgrounds.

Eleven cars started the rally however due to a few mechanical problems and a couple crashes only 5 vehicles finished the race. Fortunately, though, there were no injuries as a result of the accidents. The roads they traveled were all gravel roads with many twists and turns.

BSFARC members took a ride down a couple of the roads in "regular" vehicles. WOW! More power to these drivers.

Nasa Rally Sports is planning to come back again next year and run it again.

Looking forward to working with

LCARCA on this event and possible more. LCARCA Hams were very welcoming and gracious hosts.

Sawbriar 5k/Half Marathon

On April 23, 2022 member of Big South Fork Amateur Radio Club (BSFARC), along with other Hams from the area, volunteered to handle communications for the Sawbriar 5k/Half Marathon Race. It was a beautiful day for the race. The sun was out and there was just enough wind to help keep everyone cool. There were 3 categories- 5k, 10k and the half marathon. The 5k and 10k ran along 127 from Highland Manor Winery south; while the half marathon took a turn off of

127 through a neighborhood and then back to 127.

There were three aid stations and an ambulance station along the route. Fortunately, the ambulance was never deployed. The runners were of various ages and some of the older runners were real troopers. Once all the racers finished there was an after party at Sawbriar Brewery with drinks, food and music. This was the second year of the race and all went well. Looking forward to volunteering with this event again in the future.

Contest

Spring Planting Festival

April 30th 2022 SUCESS!

MORE INFORMATION

This year we were re-located to the main festival area near the food vendors. We were quite unprepared after expecting to be under a covered porch we ended up in a parking lot. It is also a great opportunity to have a POTA (Parks On The Air Station) as Jamie N4XJS and Jack KO4WDG worked some P-P and even some pileups. They also made a lot of personal contacts with the festival goers and promoted amateur radio in the Big South Fork region

The Dark Sky 50 race will NOT be held this year as they are working through some scheduling and leadership transitioning issues. We are looking forward to supporting their race in 2023.

The ARRL Foundation Club Grant
Program, funded by a grant from
Amateur Radio Digital Communications
(ARDC), will make \$500,000 available to
clubs, enabling them to more easily
provide and expand club projects,
including those that will have a
transformative impact on amateur radio,
create public awareness and support for
amateur radio, and have an educational
and training impact. The program will
provide up to \$25,000 for worthy club
projects. More information about the
Club Grant Program is available at
www.arrl.org/club-grant-program.
